

Finance Tips During COVID-19 Pandemic

Tips on how to give your finances the same attention to detail as your newly tidied wardrobe, garage or garden...

Emergency Savings

Studies show more than a quarter of UK households have no emergency savings fund.

What are you Doing with Long-Term Money?

A Financial Planner can help you with all longer-term savings and investments. Find some of the best [here](#).

Have a Separate Holiday Account

The average cost of a 10-night holiday abroad per person in 2018 was £947. Put a little away each month to soften the blow.

Review your Incomes/Outgoings

Look back over the past six months. What income is left at the end of any given month, and can this be put away for a rainy day?

Check Direct Debits/Standing Orders

Approximately 110 billion GBP worth of DD payments were initiated through BACS in the UK in September 2019. Have you recently checked to see if yours are still all necessary?

Mobile banking is rapidly becoming the new norm and can be used to check/cancel all DD/Standing Orders.
